projects in the
prospecting and
exploration stage

171%

investment growth
in advanced-stage projects

63%

growth in
gold investment
compared with 2015

2019 highlights

Mining and Sustainable Development Forum of the Americas

The “*New technologies: the future of mining*” motto was the opportunity for Latin American governments to discuss mining’s contribution to sustainable development. The activity was organized by the Intergovernmental Forum on Mining, Minerals, Metals and Sustainable Development (IGF), the Inter-American Development Bank (IDB) and the Conference of Mining Ministers of the Americas (CAMMA).

CAMMA Experts Preparatory Meeting

During Arminera, representatives from 11 Latin American countries met to discuss the issues to be considered at the 10th Annual Conference of Mining Ministries of the Americas.

Mining Competitiveness Round Table

The main representatives of the public and private sectors met to assess the industry’s current situation, and to discuss medium and long-term policies.

2nd Matchmaking Program for Suppliers Development

A program through which 45 executives from 22 mining projects operating in Argentina held a total of 1,200 meetings with Arminera’s exhibitors.

2nd International Matchmaking Program for the Mining Industry

Foreign buyers from Bolivia, Chile and Peru held meetings with 50 Argentine SMEs able to export. This activity was jointly organized by Messe Frankfurt Argentina and the Argentine Investment and Trade Promotion Agency.

Machines Square

Several companies exhibited their newest machinery and technologies for the mining sector in a 1,500 sqm outdoor plaza.

Exhibitors and mining news conferences

Arminera exhibitors provided 13 product presentations and training sessions on industry-related topics. There were also 12 conferences on mining news and 2 panels dealing with issues related to lithium, human rights, gender, productivity and environmental control, among others.
