## Arminera 2025: a federal event with international participation

**Buenos Aires, March 2025 – The Leading International Exhibition of the Argentine Mining Industry will take place on May 20-22 at the La Rural Trade Center in Buenos Aires with record numbers: more than 300 exhibitors and 20,000 sqm of surface area, the participation of all mining provinces and 15 international delegations.**

At a key moment for the Argentine mining industry, Arminera 2025 is getting ready to be the ideal venue for discussing the sector's challenges, opportunities, and progress. Furthermore, as an event representing the entire country, it will be the most important meeting point for all stakeholders in the Argentine mining industry, from local companies to investors and international authorities.

### Federal scope

This year the exhibition will have a strong federal participation, **with the presence of 12 provinces producing mineral resources**. In addition, there will be more than **300 exhibitors** from all over the country and **more than 12,000 visitors** are expected to attend.

Among the confirmed activities will be the **Lithium Round Table**, made up of the provinces of Jujuy, Salta, and Catamarca, and the **Copper Round Table**, made up of the provinces of San Juan, Jujuy, Salta, Catamarca, and Mendoza. Both spaces seek to establish foundations and agreements that promote and enhance their respective resources.

The **Matchmaking Program** is another of the most anticipated activities on the exhibition's agenda: a B2B meeting that allows exhibitors to interact directly with the main buyers of mining sites operating in the country. More than 1,800 meetings took place in previous editions.

### International projection

The key meeting for the mining industry in Argentina is also gaining international recognition: 15 foreign delegations have already confirmed their participation in Arminera 2025.

### Free online registration for industry professionals

Professionals, business professionals, and those interested in the mining industry who wish to visit the exhibition can register online and free of charge at the following link:

**Information about CAEM**

The Argentine Chamber of Mining Companies represents all companies in their production and exploration stages, as well as provincial chambers and suppliers.

Since 1957, the main mining companies and associations have worked together to develop the industry. Currently, CAEM has a full work agenda guided by a commitment to change toward a new way of mining, focused on transparency, competitiveness, and sustainability.

**Information about Messe Frankfurt Argentina**

It is the local subsidiary of Messe Frankfurt GmbH, the world's leading organization of professional exhibitions. The aim of the events is to promote real business meetings that stimulate regional markets, encourage the internal market and, in turn, encourage the development of the technological pole in each area. Currently, the Messe Frankfurt Argentina event portfolio includes the following exhibitions: Automechanika Buenos Aires, BIEL Light + Building Buenos Aires, Emitex, Simatex, Confemaq, ExpoFerretera, Hotelga, Intersec Buenos Aires, Salón Moto, Tecno Fidta, and Arminera. In addition, it holds numerous congresses and special events for third parties, such as Argentina Oil & Gas Expo Buenos Aires, Argentina Oil & Gas Expo Patagonia, and ExpoEFI, among others.
