Arminera 2027: Bigger Edition, New Companies and More Business Opportunities Across the Mining Industry

Buenos Aires, May 2026.- From May 18 to 20, 2027, the mining industry will gather at La Rural Trade Fair Center in Buenos Aires for the largest mining business event in Argentina.

As in every edition, Arminera continues to grow alongside the mining industry, and 2027 will be no exception. The exhibition will expand its exhibition space and occupy three pavilions, featuring new proposals and a dedicated Mining Exploration area. It is worth noting that, following the first stand allocation process, 85% of the available exhibition space has already been booked, reflecting companies' strong interest in participating in the industry's leading networking and business platform.

To date, the provinces of Buenos Aires, Catamarca, Córdoba, Jujuy, La Rioja, Mendoza, Neuquén, Río Negro, Salta, San Juan, Santa Cruz and Santa Fe have confirmed their participation. In addition, the International Pavilion will feature exhibitors from Germany, Brazil, Canada, Chile, China, the United States, Finland, Italy and Türkiye.

Without a doubt, Arminera 2027 will once again bring together the leading players of the local and international mining industry, providing a unique setting to discover the latest developments, strengthen professional networks and generate new business opportunities. The exhibition will also offer an extensive program of activities, including **Arminera Summit**, featuring presentations and discussions led by industry experts on the key issues shaping the sector, as well as **Exhibitors' Conferences**, training activities and industry meetings.

In addition, the **Matching program** will be held to strengthen connections between supplier companies and operating mining projects in the region, fostering investment opportunities and new business relationships. Outdoors, the **Machinery Square** will showcase equipment, technology and solutions for the mining industry.

Organized by the **Argentine Chamber of Mining Companies (CAEM)** and **Messe Frankfurt Argentina**, the event stands as one of the region's leading mining business platforms, bringing together mining operators, suppliers, investors, government authorities and professionals from across the value chain. Companies interested in exhibiting or learning more about sponsorship opportunities can still join the event by contacting: arminera@argentina.messefrankfurt.com.
